

Client Intake Associate (LCSW)

We have an exciting opportunity for an experienced Licensed Clinical Social Worker (LCSW) to take on the day to day work of our client intake team. The successful candidate will be licensed as a Clinical Social Worker (LCSW), be comfortable prescribing Applied Behavior Analysis (ABA), and have experience taking ownership of situations to help problem solve and guide families through our intake process.

This is a full-time W2 role with competitive compensation.

About Acclaim Autism

We are a locally-owned company, passionate about improving the lives of children and families impacted by ASD. We focus on quality without answering to any corporate entity. Dr. Jennifer Quigley (LBS, BCBA-D, PhD) is our co-founder and Clinical Director. She has a strong passion for developing clinicians, improving service delivery, and applying research to further advance the field. We're improving service delivery with a focus on quality, training, employee development, and providing a great place to work. We take education and employee development seriously, and remove most of the administrative work from clinician's plates.

Duties

- Meet with clients, mostly virtually, to prescribe ABA
- Communicate with parents to help them through our client intake process
- Oversee a Client Intake Coordinator
- Collaborate with our wonderful team of clinicians to help setup initial appointments, and align on treatment hours
- Oversee one or more Client Intake Coordinators
- Assist with hiring & training
- Help with parent training and/or group supervision
- Other duties as assigned

What Makes Acclaim Autism Different?

- Outstanding benefits package (Health, Dental, Vision, Retirement / 401k with company match, paid parental leave, paid time off, event discounts, and much more)
- A culture that genuinely cares about staff and their development
- Work from home options
- Tuition reimbursement and annual CEU stipend for training, conferences, or other courses
- Great technology with a high-end device and a simple easy to use electronic health
