

ACCLAIM AUTISM

ABA Clinical Intern

Philadelphia, PA
Chester County, PA
Delaware County, PA
Montgomery County PA
Levittown, PA

We are looking for an intern in one of the above locations to learn more about working with a leading Applied Behavior Analysis (ABA) company. This is a great opportunity to gain quality supervision from a Senior Behavior Analyst or directly from our Clinical Director, while learning what goes into a quality ABA program across settings, and behind the scenes. The successful candidate will provide direct services under the supervision of a BCBA or Senior Behavior Analyst, assist with training, and review session notes and other clinical documents as part of quality review processes.

This is a paid internship, with quality supervision from a dedicated and experienced team, and the potential opportunity to continue your professional development in other roles. This position is geared towards students actively pursuing BCBA certification through coursework and fieldwork and/or eligible to begin fieldwork.

Duties

- Travel to clients' homes, schools, or other community settings and implement treatment plans provided by clinical supervisors
- Complete and provide feedback on client-specific assessments & behavior support plans
- Participate in training sessions either in-person or virtually with an opportunity to develop and present internal trainings
- Work alongside an assigned supervisor on quality review processes
- Implement client specific programming across an assigned caseload
- Document therapy sessions in the electronic health record system
- Other duties as assigned

What Makes Acclaim Autism Different?

- Locally-owned company with a dedicated team
- We focus exclusively on ABA, ensuring quality services for families and quality training & supervision for staff
- Learn to conduct assessments including AIM, PEAK, VB-MAPP and AFLS, and apply outcomes to treatment
- Apply ABA research to stay at the forefront of the field
- Be supported by an accessible Clinical Director who has a BCBA-D, stays involved with research,

and is passionate about helping you grow and succeed

- Work from home when working on quality processes or client programming
- Permanent employees receive tuition reimbursement and annual CEU stipend for training, conferences, or other courses, as well as a full suite of benefits
- Great technology with a high-end device and a simple easy to use electronic health record (EHR) system - no paper!
- Strong culture of training and feedback
- Among other factors, clients are matched with therapists and supervisors based on proximity to where they live to minimize drive time
